

## Patient to Patient: Lighting the Way for Others

### Congratulations on completing your NeuroStar® Advanced Therapy treatment!

You know first-hand how NeuroStar Advanced Therapy transcranial magnetic stimulation (TMS) provides hope and transforms lives. Help us spread the word to others who are in need of relief from their depression symptoms by sharing your personal story and encouraging others.

#### **Life With Depression Before NeuroStar Advanced Therapy**

1. Before your NeuroStar treatment, how long had you been suffering from depression and how many medications or other treatments had you tried?

2. How was depression affecting your life and your relationships?

3. How did you choose which practice to go to for your NeuroStar treatment?

#### **Your Experience With NeuroStar Advanced Therapy**

4. What were your initial expectations about NeuroStar before you started your treatment?

5. How would you describe the NeuroStar treatment experience to someone thinking about trying it themselves?

6. What did you appreciate the most about your treatment experience at our practice?

## Life After NeuroStar Advanced Therapy

7. How has NeuroStar Advanced Therapy changed your life?

8. What hobbies or and interests are you now able to enjoy because you are no longer dealing with depression symptoms?

9. Sometimes friends and families are our greatest support systems. What have your loved ones said about your treatment experience at our practice?

## Lighting the Way for Others

10. Would you recommend our NeuroStar practice to others you know? If so, why?

11. What would you like others to know about NeuroStar Advanced Therapy and our practice?

12. What advice would you give other people who may be struggling with depression the way you were before NeuroStar treatment?
